Experiences

Intern at Open Avenues (September 2021 to November 2021)

Helped develop a machine learning algorithm using natural language processing libraries to predict the industry a company was involved in from information found on review sites.

StockHack Participant (November 2019)

Participated in the hackathon StockHack and acted as the team lead for my group.

RPG Bot using Node.js (May 2019)

Created a discord bot using node.js that simulated turn based role playing games combat mechanics

Education

Egg Harbor Township High School (September 2017-June 2021)

Got a highschool diploma and was awarded honor roll due to high academic achievements.

Illinois Institute of Technology (August 2021-Present)

Working towards a Bachelor's Degree in Computer Science. Expected graduation year to be 2024.
